

ATTRACTIONS

There is so much to do in Miami that we could fill up this entire guide many times over. The largest tourist attractions are the beautiful beaches, of course. My top picks are South Beach for those that want a more active trip to the beach and Crandon Park for those who are looking to relax with the family. There are also an endless number of golf courses at all price ranges. Below, we have tried to list a few of the most popular attractions and a little something for everyone. Whatever else it is you like to do when you aren't swimming, biking, or running, you can definitely find it in Miami. Use your internet skills and search online or pick up some flyers from your hotel for additional attractions.
